Who is eligible for an HSA?

In order to be eligible to make pre-tax contributions to a Health Savings Account, individuals must:

- Be covered under an HDHP on the first day of the month that the account is established and the first day of the month in which deposits are made.
- Not also be covered under any other health plan that is not an HDHP. *Certain types of limited benefit plans may be ok, such as a cancer policy, automobile policy or a fixed daily benefit policy (hospital indemnity).*
- **Not be entitled to benefits under Medicare.**
- Not be claimed as a dependent on another person's tax return.

How Much Can I Contribute?

	2024	2025
Contribution Limits		
Single	\$4,150	\$4,300
Family	\$8,300	\$8,550

There is no limit on the balance that you can have in your HSA. The IRS limits the amount you can contribute pre-tax annually.

Remember, unused funds rollover from year to year!
